The AGM-158 Joint Air-to-Surface Standoff Missile (AGM-158 JASSM) is a low detection standoff air-launched cruise missile developed by Lockheed Martin for the United States Armed Forces. [7] It is a large, stealthy long-range weapon with a 1,000-pound (450 kg) armor piercing warhead. It completed testing and entered service with the U.S. Air ...

Alright, let's cut to the chase! Temperature plays a starring role in how your AGM battery performs. Just like how a hot day makes us all sluggish, AGM batteries can't escape the impact of temperature on their efficiency. The Chilly Woes: Low-Temperature Troubles. When the mercury drops, AGM batteries can start acting like they're on ...

The Government of Morocco has requested to buy ten (10) AGM-84L Harpoon Block II Air Launched missiles. Also included are containers, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor representatives' technical assistance ...

Close cooperation between Morocco and the United States. Morocco continues to equip its army with advanced military equipment thanks to its good relations with the most important international powers. In this case, the Moroccan armed forces will equip its F-16 aircraft with AGM-154C JSOW glider missiles from the United States.
