

Anwei Power Grid Recruitment Training Institution

What does Powergrid do?

POWERGRID is a major public sector company in India, under the Ministry of Power. It is responsible for managing the country's power transmission system, including planning, coordination, and control of the inter-state transmission network and national power grids.

Who is Powergrid hiring?

POWERGRID is aiming to grow even more and is looking to hire talented, dedicated, and energetic engineering graduates as Engineer Trainees in Electrical, Electronics, Civil, or Computer Science fields through GATE 2025. Graduates who plan to continue their studies using their GATE 2025 scores or need extra time to join if selected should not apply.

How to participate in POWERGRID GD/interview?

Candidates can choose to participate in the GD/Interview in either Hindi or English. Candidates can check their status through their login on the POWERGRID Online Application System. Shortlisted candidates will be able to download their interview call letter and other necessary documents via the candidate login.

How many Powergrid locations are there in India?

POWERGRID also owns and operates approximately 72,126 kms of Telecom Network, with points of presence in approx. 458 locations, points of Interconnections in 780 locations and intra-city network in 256 cities across India.

When will a Powergrid notification be posted?

A separate notification will be posted on our website in early February 2025, providing details about the number of vacancies, reservations, and crucial instructions regarding the submission of the POWERGRID online application and the date of the interview, among other things.

Can Powergrid use gate 2025 scores for other positions?

POWERGRID may also use the GATE 2025 scores to hire for other positions or for its subsidiaries, depending on the need. Details of number of vacancies and reservation shall be indicated in the notification to be published on our website before commencement of Online Registration.
