Where is Sunshine based?

Sunshine, the headquarters is located in Jiangyin City, a famous city located in the south of Changjiang River, which is backed by the Taihu Lake and sits on the Yangtze River Delta. Here is Chinese core region for economic development, and is also a booming place for solar power industry.

How many production lines does Sunshine solar have?

The company has 10 production lines and an automatic production line, with the production capacity of 150,000 sets every month. Sunshine solar brackets win the good reputation of the home and abroad client by virtue of great variety, powerful function, the stability and high quality.

Do you recommend Sunshine solar?

I can't recommend sunshine solar enough. A 3kw inverter went wrong, it was 2 years out of the warranty, I phoned for some advice, I think it was Mike who helped, he told us to return it and they would look at it, he phoned me back a few days later to say it had gone wrong and that they would send us a refurbished one with no charge.

Why should you choose Sunshine solar brackets?

Sunshine solar brackets win the good reputation of the home and abroad client by virtue of great variety, powerful function, the stability and high quality. Currently, the production capacity of the company is 3 MW every month. We can produce ground system? roof system? tracking system? solar light and so on.
