1964 Expedition. Because of its location, weather researchers have long thought it a great place to put a weather tower. On 2 April 1964, the Royal Navy's Antarctic ice vessel HMS Protector was sent to the island to investigate a new area of the land created by lava flow ten years prior to the expedition.Lieutenant Commander Allan Crawford and his team ...

If you want to get away to get away from it all, forget the Caribbean, the South Pacific, or even the South Pole. We've got a place that beats them all: Bouvet Island, a small outcropping of rock and ice in the Southern Ocean. The nearest land is more than a thousand miles away, making Bouvet the most remote island on the planet.A French sailor named ...
