We are a manufacturer of R& D, manufacture, install photovoltaic/solar brackets, which is affiliated to Hengxing Group. Our group has its own Hot Galvanizing Plant, comply with the national requirements of environmental protection and the other cold bending equipments and a complete processing and production industry chain...The production capacity of steel structure and light ...

Company Introduction: Taizhou Suneast New Energy Technology Co., Ltd is a high-tech enterprise specializing in solar photovoltaic bracket design, production, installation and related consulting services. Company headquarters is located in the famous "hometown of stainless steel" Taizhou, Jiangsu province town, combined with local advantage resources, since 2005 ...

It is one of the largest professional manufacturers of photovoltaic brackets in China and the Asia-Pacific region. As a global leader in photovoltaic mounting structure product manufacturing and system solutions, Versolsolar is committed to becoming a global leader of high-end equipment and intelligent services in new energy industry.

Brackets, flat roof brackets, floor all-aluminum brackets, aluminum alloy column brackets and other products. Bracket products cover the fields of civil, commercial and large-scale photovoltaic power plants. In addition, we provide customized product solutions and OEM services to address the special needs of our customers at home and abroad.
