Jonathan Douglas-Smith, Head of Sales for Aerospace at Intelligent Energy, stated, "We are thrilled to showcase the future of clean air travel at the Farnborough International Airshow by unveiling our brand-new IE-FLIGHT family of products and the IE-FLIGHT F300 Fuel Cell System as our first product launch within this line-up."

Greece intelligent energy systems ltd

About MBR Global. MBRG is a provider of alternative energy technology focused on the design, development, commercialization and manufacture of hydrogen fuel cell systems and ancillary energy storage systems for the stationary power market. About Fuel Cells

The origins of Intelligent Energy began at Loughborough University in the UK during the late 1980s, [1] when the University became one of Europe's first research and development centres for proton-exchange membrane (PEM) fuel cell technology. In 1995, the UK's first kW-level PEM fuel cell stack was produced by the R& D team. In June of that year, Advanced Power Sources ...
