How do I contact Hawker batteries?

To contact Hawker batteries, you can reach out to our Field Support Representatives at 877.485.1472 or on the web. They are available to answer your technical questions, provide product quotes, and assist in the ordering process.

What is the difference between a Hawker battery and a Hawker batteries?

Hawker batteries have some differences compared to a standard Hawker battery. Hawker batteries use thinner plates (up to twice as many plates than are found in a same-sized flooded-cell battery), and Hawker battery plates are 99.99% pure lead. More plates equate to more active-material surface area.

The HAWKER FLEX Li3 battery is the premium lithium-ion offering to power material handling vehicles. | Dealer Connect. Selector Guide; IC VS Electric Calculator; Dealer Connect; ... a battery that can stand up and deliver even under the most demanding applications--you can depend on the power of the HAWKER ENERGY-PLUS(TM) flooded lead-acid ...

LONGER BATTERY LIFE: ENERGY-PLUS(TM) is designed with a balance of active material and acid volumes for higher energy AND longer battery life. The ENERGYPLUS(TM) battery maintains an estimated cycle life of 1,500-2,000 cycles, based on one cycle per day and 80% DoD. Longer life means less expense.

For trucks that are operating in high-demand applications, making long runs and high lifts, and using attachments that require added power, the HAWKER ENERGY-PLUS(TM) lead-acid battery is the battery that can keep them moving ...
