

To meet the requirement of multipurpose applications in infrared thermal camouflage and solar photothermal energy storage, we have developed a series of multifunctional composite films ...

SOLV Energy is an engineering, procurement, construction (EPC) and solar services provider for utility solar, high voltage substation and energy storage markets across North America. Job ...

Overall upgrading Zn-ion storage capability by engineering N/O co-doped hydrophilic hierarchical porous carbon The couple of supercapacitors" high power density and batteries" high energy ...

Therefore, high effective energy storage density () of 7.17 J/cm, energy storage efficiency () of 65.4%, and strong green/red upconversion photoluminescence are obtained in = 0.2 sample. ...

Hydrogen, as an extraordinary secondary energy, is capable of realizing the target of environmental protection and transferring the intermittent primary energy to the application ...

Huanli energy storage project
recruitment
