

What is SNEC PV exhibition?

The SNEC PV Exhibition is the world's most professional photovoltaic exhibition, featuring a wide range of products including PV production equipment, materials, solar cells, PV application products and components, as well as PV engineering and systems, energy storage, mobile energy, etc., covering all aspects of the PV industry chain.

When is the 17th international photovoltaic power generation & Smart Energy Conference & Exhibition?

The 17th International Photovoltaic Power Generation and Smart Energy Conference & Exhibition Dates and venue: June 13-15, National Exhibition and Convention Center (NECC) Shanghai Overview:

What is the photovoltaic industry conference?

The exhibition showcases the entire photovoltaic industry supply chain, including production equipment, materials, cells, applications products and systems. The conference will cover market trends, cooperation strategies, policy directions, cutting-edge technologies and photovoltaic finance.

Where is SNEC PV power Expo 2024?

National Exhibition and Convention Center (Shanghai) (Address: 333 Songze Ave., Qingpu District, Shanghai, China) An Event Leading You to the Fast Growing Asia PV Markets SNEC 17th (2024) International Photovoltaic Power Generation and Smart Energy Exhibition & Conference [SNEC PV POWER EXPO] will be held in Shanghai, China, on June 13-15, 2024.

What is a solar PV Conference?

The conference programme encompasses a wide scope of PV technologies, with a focus on different high efficient solar cell technologies, such as HJT/HIT, TOPCon and Perovskites, and Distributed and Floating Solar Systems, BIPV, as well as Solar PV O&M and Smart Grid Technologies. LTD.

What is the Global Advanced PV technology conference?

The Global Advanced PV Technology Conference provides an excellent platform for the world's PV experts and scientists to showcase and share the latest developments in solar energy technologies. Nowadays, the demand of PV industry to reduce the LCOE is becoming increasingly strong, and new integration trend of technology appears.

The SNEC exhibition promotes the convergence and synergistic development of the three major industries of solar energy, energy storage and hydrogen energy. More than 4,000 industry professionals from all over the world gather to share technological achievements, explore future technological roadmaps and solutions, and jointly promote green, low-carbon and high-quality ...
