

Jenzen solar green Malaysia

Is verdant a leading solar company in Malaysia?

The company holds a Malaysia Book of Records title for the year 2022 and 2023, which underscores its position as an industry leader. Its cutting-edge Verdant Home app allows users to track their solar energy performance, monitor savings and engage with real-time updates.

What green technology financing options does a solar company offer?

The company offers a variety of green technology financing solutions, including a Zero CAPEX solar ownership model that eliminates upfront investment for companies seeking to adopt clean energy solutions.

Is Malaysia ready for a sustainable future?

Kuala Lumpur, 10 October 2024 - Malaysia's drive towards a sustainable future took a significant step forward as the Malaysian Investment Development Authority (MIDA) successfully hosted a Memorandum of Understanding (MoU) exchange ceremony at the International Greentech & Eco Products Exhibition and Conference Malaysia (IGEM) 2024.

How much did Mida invest in green projects in 2024?

MIDA announced four quality green projects from January to June 2024, totaling to an amount of RM1.8 billion, focused on Renewable Energy (RE) and Green Mobility. Chery Corporate Malaysia is investing RM1.4 billion to build a cutting-edge manufacturing plant and R&D centre for energy-efficient vehicles (EEVs).

Solar Energy, Power for a Better Tomorrow Established in Malaysia, the ... We are big on solar energy for obvious reasons - it represents a clean, green and sustainable form of energy. Opting for solar energy lessens our reliance on polluting fossil fuels and instead uses an inexhaustible source of energy.
