Extend the time that you can work during a blackout at home or at the office by complimenting your power solution with our RCT battery units. The range includes Lithium batteries, lead acid batteries, gel VLRA batteries, as well as ...

Comparatively, partial-home battery backup systems usually store around 10 to 15 kWh. Given that power outages are infrequent in most parts of the country, a partial-home battery backup system is generally all you'll need. But, if your utility isn't always reliable for power, whole-home battery backup may be the way to go.
