Lighter weight: About 40% ~50% of the weight of a comparable lead acid battery. Battery can be charged using most standard lead-acid charges. Wider temperature range: -20?~60? Support for Series application expansion (up to 51.2V) and two in parallel. Application: Alarm; Gate Motor; Electric Fence Advantages of LifeP04

Thinking about switching to a lithium battery for your gate opener? Hold on a sec! Before you jump in, make sure it"s actually compatible with your motor. Head over to the previous article "Should You Use Lithium Ion Batteries for Your Gate Motor?" to see if your opener is a good match for these batteries.

Lithium battery for gate motor Liechtenstein

Product Description The 12V 12Ah 153Wh Lithium Battery is ideal for use as a heavy duty backup battery for gate motors, alarm systems, access control gates, electric fences, and CCTV systems. It is double the capacity of the 12v 7Ah lead acid battery that it is replacing. Featuring an integrated battery management syst

Why use a lithium battery on your gateThey last longer. Lead-acid batteries can last 500-1000 cycles in optimal conditions, but in real world use, 100-300 cycles is a lot more typical. Lithium-iron batteries will go 2000 cycles no problem, and can go up to 5000 when treated right.
