Who is National Grid?

John Pettigrew, Chief Executive, National Grid We are anchored by our purpose. We listen to every voice. We explore with energy. We keep the lights on and homes warm. But it's so much more than that. We keep people connected and society moving. This isn't easy, and it takes all of us.

What makes National Grid a great company?

Large budgets. Great responsibility. Supporting the leadership team with our business agenda is essential to the success of National Grid. Understanding our people priorities means that we're able to deliver on our promise to supply energy to the nation.

What is National Grid's vision & values?

Our vision describes what we want to achieve in the long term, while our values shape our spirit, attitude and what guides us. At National Grid, our vision is to be at the heart of a clean, fair and affordable energy future.

Why do we need National Grid?

This isn't easy, and it takes all of us. But National Grid provides us all with the environment to make it happen. As we generate momentum in the energy transition for all, the power of people will help keep the future bright. We understand more than ever that different moments call for different environments.
