

Pei photovoltaic panel installation recruitment latest

Does Pei have a solar energy incentive program?

Businesses can now use the Federal Tax Provision for Clean Energy Equipment to fully expense their solar system. This means a CCA rate of 100% and the abolishment of the first year rule. There are at least 7 other energy incentive programs available in PEI.

Does Prince Edward Island have solar power?

Click here to let us know. This is a complete solar power guide for Prince Edward Island. Prince Edward Island is ranked the #1 province and territory in the country for installing solar power.

How do I apply for a solar PV installation?

Start by reaching out to a solar PV installer from the Network of Excellence. Confirm eligibility (see terms and conditions on application form). Complete the application form with your installer and send it to efficiencyPEI with your most recent electric bill, along with a quote from your installer.

What is the Solar Rebate program in Prince Edward Island?

The solar rebate program in Prince Edward Island is the Solar Electric Rebate Program administered by efficiencyPEI. This program allows property owners to earn a cash rebate of \$1.00/watt for residential solar power installations up to a maximum rebate amount of \$10,000. Here is what the savings would look like for a 9.06kW system:
