

Photovoltaic Panel Auction Announcement Query Website

What is the record contracts for difference (CFDs) auction for UK solar?

Record contracts for difference (CfDs) auction for UK solar results in more than 90 projects securing fixed-price contracts. It follows intervention from the new UK government in summer 2024 to increase the auction budget. Strike prices achieved for all renewables technologies were well below the auction's ceiling price.

How much is Britain's next renewable power auction worth?

LONDON, March 6 (Reuters) - Britain's next auction round to spur renewable power projects will be worth more than 1 billion pounds (\$1.3 billion), government budget documents showed on Wednesday. The government has set targets for major increases in renewable power to help increase Britain's energy security and meet climate targets.

Where can a company bid for solar in the UK?

Companies can bid for Solar tenders in the UK from thousands of sources including all official websites, UK municipal websites, UK newspapers and journals.

When will a new energy auction open?

The auction, which will be the sixth of its type, will open to bidders from March 27, a separate document published by the Department for Energy Security and Net Zero said. The budget for the sixth round is significantly higher than the last auction, held in 2023, which had a budget of 227 million pounds.

What happened at the UK CFD auction 2024?

It follows intervention from the new UK government in summer 2024 to increase the auction budget. Strike prices achieved for all renewables technologies were well below the auction's ceiling price. A record number of solar projects secured contracts through the sixth UK CfD auction. Image: Medienservices, Pixabay

How many homes will be powered by the 6th renewables auction?

Sixth renewables auction delivers record smashing 131 clean energy projects powering equivalent of 11 million homes. Millions of homes and businesses across Britain will be powered by a new supply of clean, cheap, homegrown energy as a record number of projects receive funding through the government's most successful renewables auction to date.

Dr. Shawn Qu, Chairman, President and Chief Executive Officer founded Canadian Solar (NASDAQ: CSIQ) in 2001 in Canada, with a bold mission: to foster sustainable development and to create a better and cleaner earth for future generations by bringing electricity powered by the sun to millions of people worldwide. Under Dr. Qu's leadership, we have grown into one of the ...
