Former Vatican's first auditor general, Libero Milone, left, speaks flanked by his lawyer Romano Vaccarella during a press conference at the Foreign Press Club in Rome, Thursday, Nov. 17, 2022.

The Flex Energy Storage System is marketed as a "solar generator" alternative to traditional standby generators. It's explicitly designed for backup power and doesn't feed excess solar power back to the grid. The system comes in 5-10 kWh capacities and includes solar panels in the installation package.

- Expands from 3.6-25kWh, up to 1 week of power - Automatic 20 ms switchover time for uninterrupted power* - Smart power management with the EcoFlow app - Avoid peak power rates to lower energy bills. Uninterrupted backup power supply and smart power management. Take control of your energy and reduce your electricity bills with stored energy.

*Prices reflect the federal tax credit but don't include solar panels, which you'll need to keep your battery charged during an outage. The difference between whole-home and partial-home battery backup systems is pretty self-explanatory: Whole-home battery backup systems can power your entire home in the event of an outage, whereas partial-home setups ...

This dramatic move was taken without the knowledge of Pell, behind Pell's back. But Pell had been under attack in the Curia for some time. In February of 2015, the Italian magazine L'Espresso published a story, based on leaked receipts, alleging that Pell's office had run up a high level of expenses in its first six months of operations. Pell defended himself ...

With an area of 49 hectares (121 acres) [c] and a population of about 764 [13] (as of 2023), it is the smallest state in the world both by area and by population. [21] It is also the second-least populated capital in the world. As governed by the Holy See, Vatican City State is an ecclesiastical or sacerdotal-monarchical state ruled by the Pope, who is the bishop of Rome ...
