In fact, at ReNu, we make sure that you'll be able to monitor not just the system as a whole, but each individual solar panel as well. That means that, in the unlikely event something does go wrong, you'll be able to precisely locate where the problem is. Inverters. Solar panels generate direct current (DC) electricity.

ReNu Solar made the process of installing solar panels very easy. Their sales representative, Brittany Jacoby, was extremely knowledgeable, did not put any pressure, and was able to customize an array that would both maximize solar capture and not break the bank with panels that wouldn't get that much exposure and reduce the return on investment.
