About Solar Panda. Solar Panda, headquartered in Canada and Nairobi, launched in late 2017 and manufactures and sells Solar Home Systems that include lights, mobile charging, and television through its network of 33 shops across Kenya. Now in 180,000 homes, Solar Panda is bringing clean, affordable electricity to rural communities in Kenyan.

One of the biggest advantages of solar energy is that it is a renewable and sustainable source of energy. Solar panels convert the energy from the sun into electricity, which means that they don't produce any greenhouse gasses or pollutants. This makes solar energy a clean and environmentally-friendly way to power your home.
