Thanks for your interest! Check here to see if there is an open solar co-op in your area. Signing up for the waitlist isn't a commitment to go solar but we'll let you know if/when a solar co-op opens up in your area. In the meantime, we'll take a look at your roof from satellite imagery and make sure it looks good for solar!

If you have or are considering getting an electric car, then solar panels on the roof are a really good match. By charging at home when there is production on the roof, you achieve a faster return on your investment and further minimize CO2 emissions because your own solar panel system is not dependent on fossil backup, as the power grid ...
