?UPS (Uninterruptible Power Supply)?This portable power supply features a UPS that supplies AC power to devices connected to an AC outlet. In the event of a power outage, it switches to the Q2402M's battery in 0.08 seconds. This protects against power outages caused by disasters and gives time to resume operations or shut down safely.

SolarPlay power station is compatible with AC adapters and solar panels (11.5V to 48V, max. 500W), car cigarette sockets (12V/24V), and generators. We recommend using the Solarplay solar panel 200W with it. The built-in battery uses a lithium iron phosphate battery (LiFePO4) that lasts 15 years with over 3500 charge/discharge cycles. It lasts ...
