Solar pool heating panel use thermal energy from the sun to warm your pool water. Similar to solar photovoltaic (PV) panels, solar energy collectors are typically mounted on your roof. Water from your pool is pumped through a filter and up to the ...

Product Description. The most efficient flat plate collector in the world. Sunrain manufactures large-size collector with a standard size of 15m². A special design of the absorber and the attractive performance date mark these collectors ideal for large solar thermal systems working at higher temperature.

Jiangsu Sunrain Solar Energy Co.,Ltd | ????? 22 ?????Heat Pumps & Solar Water Heater | Sunrain is a listed company focus on Heat pumps and Solar water heater in China, we devoted to green energy for zero carbon society. first-class laboratory, 25 years and more than 2000 employees make sure the quality for every customer.

Sunrain Solar Energy Co., Ltd., originally established in 1999, is an innovation driven renewable energy enterprise specialising in research and application of solar energy, manufacture and marketing. Sunrain Solar's parent Company is a publically listed corporation on the Shanghai Stock Exchange (SSE Code 603366).
