The patriot solar generator Russia

protects you when outages leave you powerless for an extended period of time. The quiet, portable device is all about practicality and endurance, lasting for 2,000+ lifecycles. Other generators try, but none can match the power of the Patriot Power ...

This is not a solar charging system. But it has the heart which is a battery. A charger made for the battery and an inverter to turn the 12 volts into AC and USB DC voltage. The idea is to get the same function or better for less money. If you wanted this to be solar you would need the solar panels and charging controller for the battery.

Patriot Solar Generators are manufactured primarily in Texas, underscoring a commitment to domestic production and quality assurance. This choice of location allows for better oversight of the manufacturing process, adherence to stringent quality standards, and alignment with ethical practices.
