

What is triathlon ® lithium-ion battery?

TRIATHLON ® Lithium-Ion batteries are made up of Lithium-Ion cells that are assembled into modules which provide the required voltages and Ah capacities. We offer complete battery systems in all standard battery voltages. The battery system meets the highest safety requirements.

Who makes triathlon batteries?

For several years now, Triathlon Batterien GmbH has been producing battery systems based on the pioneering Lithium technology. TRIATHLON ® Lithium-Ion Battery Systems are developed and designed for safe and reliable use in electric industrial trucks.

Why should you use triathlon ® batteries for electric lift trucks?

TRIATHLON ® batteries of the TPzS product line ensure safe and reliable power for electric lift trucks. With the TRIATHLON ® TPzS A (X) AQUA save battery line, you can increase your productivity and lower your operating expenses through reduced watering intervals.

Triathlon System GmbH is your competent partner for stationary battery systems used in particularly demanding areas. Skip to main content. DE ... Triathlon System GmbH is your competent partner for battery systems that are used in particularly demanding areas. Always according to the motto: full operation under the most difficult conditions.

TRIATHLON - Intelligent Batteries | The plant in Glauchau / Saxony, which opened in 2014, is the heart of Triathlon Batterien GmbH's battery production. In addition to production, essential know-how in the development of Lead-Acid batteries and Lithium-Ion battery systems is also bundled at the site. Around 150 employees work in four production ...

Triathlon steht für Kundennähe. Wir beraten Sie bei der Wahl und Planung Ihrer Systeme und unterstützen Sie gerne weiter bis über die Herstellung und Installation Ihres Systems hinaus. Unternehmen Produkte ...

The TRIATHLON ® battery system is absolutely maintenance-free - it does not have to be topped off with water. No need for battery change-outs and additional spare batteries. No battery change-out equipment needed - the TRIATHLON ® battery stays in the vehicle during charging and throughout its useful life.

We offer our clients modern, compact, and efficient charging technology for any kind of lead-acid or lithium-ion battery. Small size and full parameterizing enable chargers to meet customer needs at an excellent performance. We aim to be in the right place, offering the right charger for the right application and battery.

The patented technology used in TRIATHLON's intelligent battery controller records not just the time and

Triathlon intelligent batteries Iran

date, but also the number of charge and discharge cycles, electrolyte status, internal battery and ambient temperature, as well as total and half voltage. All of this ensures that you are always well informed about the condition of your ...

We offer an extensive product range from which we select the perfect solution for every challenge: From the motive power battery in proven Lead-Acid technology to charging systems and the most innovative Lithium-Ion battery systems. ...

Triathlon steht für Kundennähe. Wir beraten Sie bei der Wahl und Planung Ihrer Systeme und unterstützen Sie gerne weiter bis über die Herstellung und Installation Ihres Systems hinaus. Unternehmen Produkte Karriere Newsmeldungen Aktuelle Themen rund um unser Unternehmen. 18-07-2023 ...

From the motive power battery in proven Lead-Acid technology to charging systems and the most innovative Lithium-Ion Battery Systems, Triathlon® offers an extensive product range with ...
