At FSP Oz Products, we take an innovative path and use our advanced engineering capabilities to manufacture weather-resistant polyethylene PPE cabinets. Our PPE cabinets come with clearly labelled surfaces making identification of content easier.

Outdoor cabinets should stay dry on the inside. That's why we've incorporated a low-profile, non-magnetic rubber seal into our cabinets. This rubber seal nests in a stainless steel rain diverting gutter that runs around the perimeter of the cabinet, neatly tucked behind drawer and door panels so none of this is visible when the panels are closed.

?OUTDOOR USE --The weather-resistant cabinet construction features an aluminum frame with a smooth surface and full-length piano hinges that add strength and durability to the door frame. Drain holes on the bottom and a sealed backing mean you can mount the board outdoors.
